SAYS 2 LANES OF 15 BYPASS TO BE READY BY JULY 1, 1963

The course for the Route 15 Gettysburg bypass was outlined Monday evening to the Kiwanis Club by O. D. Ferrari, location engineer for the state Highways Department who said that the southbound lane for all portions is expected to be completed by July 1, 1963.

Ferrari, engineer for District 8 which comprises several counties, said that plans to extend Route 15 south from Dillsburg were waylaid temporarily to build the Gettysburg bypass in time for the centennial year. He added that when the Gettysburg portion of Route 15 is completed, the state probably will continue on the northern portion.

Ferrari said that only two lanes are being constructed now because, after consulting with Maryland highway officials, it was learned that they intend to build only a two-lane highway. If in several years, Ferrari said, it is discovered that the flow of traffic is so heavy that the two-lane cannot handle it all, the other two lanes will be constructed.

DIFFERENT CONTRACTORS

The construction is divided into four parts, he said, and each has a different contractor. The first portion starts at the Mason-Dixon Line and extends north for 2.7 miles about 600 feet west of the present Route 15. Cost of this portion is \$1,700,000 plus and work was started last December 14 by Burkholder and Burkholder of Winchester, Va. Ferrari said the contract calls for completion by

Eichmann Loses His Appeal; Executive Clemency Is Only Chance To Escape Gallows

By GARVEN HUDGINS

JERUSALEM (AP)—The Israeli Supreme Court rejected Adolf Eichmann's appeal today and left the former Gestapo officer only the slender chance of executive clemency to escape the gallows for his part in the Nazi massacre of millions of European Jews.

The 56-year-old former chief of the Gestapo's Jewish Affairs Section stared fixedly at the five Supreme Court judges as Associate Justice Simon Agranat began reading the judgment affirming "without hesitation or reserve" the death sentence imposed on Eichmann last December.

Eichmann's defense counsel, Dr. Robert Servatius, was expected to submit an appeal for clemency to Israeli President Izak Ben-Zvi. Justice Ministry officials said a decision is not likely before mid-June.

Sheely To Preside At Murder Re-trial

Judge W. C. Sheely has been assigned to Greene County Court beginning June 18 to hear a new trial of a murder case in which James Morris Fletcher was sentenced in 1954 to life imprisonment.

Fletcher appealed the case to the state and federal Supreme Courts without success, then filed a writ of habeas corpus in Greene County alleging an unfair trial because one of the jurors was a son-in-law of the detective who had investigated the case and another was a second cousin once removed of the man killed by a shotgun blast, for whose death Fletcher was found guilty. That appeal was also turned down in Greene County and by a state Supreme Court, but later a federal court of appeals directed that a new trial be held. Judge Sheely was asked to preside at that trial when the Greene County judge disallowed himself.

The report also disclosed that \$6,000 had been paid on the \$10,000 pledge for the sonic cleaner. Upon her recommendation an additional \$2,000 was paid, leaving an unpaid balance of \$2,000.

Mrs. Marie Tussing, membership chairman, reported 90 new members, making a total membership of 990.

Mrs. LeRoy H. Winebrenner announced that weekly food donations are no longer solicited from members for the snack bar but anyone may bring in food for sale. She reported that on April 1 Mrs. Marguerite Oyler had returned to the snack bar; that she plans the menus, cooks food and brings it in and "is a real boost in the sales of jewelry and other items."

Mrs. Allison commanded Mrs. Winebrenner for her management of the photo-babe project. Sixty-four pictures were taken during the month and 63 paid for.

Various committees reported for the horse show to be held June 17, under the cosponsorship of the auxiliary and the riding club. Mrs. Howard Hartzell announced that all ads for the program must be completed by June 1. Sponsor names at \$1 each may be presented until June 6 to Mrs. Henry M. Scharf. Mrs. Monroe Dellinger stated that tickets are available through auxiliary members at 50 cents each. Ringside tickets admitting cars are available at \$2. A draw prize stub will be on each ticket and several large prizes will be awarded. These will be displayed in the windows of the Bickle Insurance Agency, Lincoln Square. Mrs. Allison displayed auxiliary straw hats and name buttons to notify her veterans organization for help through the Adams County Council's advisory staff.

HOSPITAL REPORT

Those operated upon today at the Warner Hospital for the removal of their tonsils: Wanda Estelle Warthen, Emmitsburg R. 1; Burt John Coulter, R. 6; Douglas W. Showers, Bigerville R. 1; Jane Marie Sheely, Littlestown R. 2.

The modernistic auditorium in which Eichmann was tried last year by a special three-judge tribunal was again packed with spectators. Relatives of many of them were victims of the Nazi slaughter which befell the Jews.

Eichmann again sat in the bulletproof glass cage as the judgment was read in Hebrew and translated into German, English and French. Still wearing the dark suit and striped tie he wore through his 4½-month trial, Eichmann occasionally pressed his lips together and twitched his mouth as, one by one, every defense he put up to escape the gallows was

Hedges Demands Action Not "Words" To Counter Jolt From Stocks' Drop

NEW YORK (AP)—The terrific sell-off in the stock market surged on today, driving prices down from the opening of trading.

The market remained locked in the grip of panic selling which Monday sent the stock market to its worst loss since the crash year of 1929.

With selling orders piled up, trading in some major stocks did not get under way in the first hour.

The high-speed ticker tape, which Monday was 69 minutes behind transactions at the 3:30 p.m. close, lagged from the start.

By FRANK CORMIER

WASHINGTON (AP)—Secretary of Commerce Luther H. Hodges recommended today that the administration adopt "positive action rather than words" to help counter the jolt to confidence caused by slumping stock prices.

Hodges told a news conference he believes two steps should be taken:

1. "I would favor an announcement as quickly as possible that we ought to have a tax overhaul," he said. Elaborating, he expressed hope that such an overhaul would include a net reduction in both

Key economic and financial advisers to the administration had been summoned to the conference with Kennedy.

Details of his visit to Greece last summer were shown and explained to the Rotarians at its meeting Monday evening in the VFW by Dr. W. Frederick Shaffer of the Gettysburg College faculty.

Becker distributed copies of a brochure issued by The Saturday Evening Post and distributed nationally showing "Gettysburg Before and After." The brochure contains photographs of Gettysburg buildings taken a year ago.

The "after" are the sketches made to suggest methods of improving the fronts of buildings in keeping with the historic theme of the community.

TO ERECT SIGN

"A principal reason for this campaign is to attract additional people into town to buy in our stores," Becker said. "The Post had acted on our promise to do this work and it will be a little embarrassing when people come here to see what they saw in the brochure and find it hasn't been done," he added.

A 6 x 16-foot sign will be erected in Lincoln Square, probably within a week, listing the names of the 91 who signed to change fronts in conformity with "Campaign Gettysburg." Three columns will follow the names, entitled not started, working and completed. Markers will be placed after the name of the participating merchants and property owner to show the status of the store or property in the campaign as the work progresses.

Among cities of more than one million population, Chicago continued in first place for the lowest death rate during the first four months — with 58 fatalities for 1.8 deaths per 10,000 registered vehicles. Los Angeles, with 132 deaths for a rate of 3.0, was second. Detroit and Philadelphia was 3.3 and New York's was 4.9, with traffic fatalities of 67, 60 and 236, respectively.

Illustrating his talk with slide views he took during the trip, Dr. Shaffer noted that "a great work" of unearthing the relics of ancient Greece has been performed by the American University there over the last 20 years. Showing a market place and other sites, he said "this area was covered by the years. The new city was built atop the old. The land, most of it slums, was bought with American dollars. New apartment houses were built elsewhere for the persons who had lived in the buildings on the site, again with American dollars, and American money permitted the long and patient work of excavating the ancient site."

The Parthenon, he said, "is an optical illusion. In it everything seems straight, yet nothing is. It was built that way by the ancient Greeks who knew the effect they desired to achieve and how to achieve it. Once a pagan temple, the Parthenon was later a Catholic church, then a Turkish mosque and later a storage place for gunpowder which exploded in the 16th century, creating the ruins seen today."

TO PREPARE FLOAT

He showed slides of a Roman temple and noted, "The Christians couldn't pay taxes because they were paid in the pagan temple as an offering to the emperor who set himself up as a god. Strangely enough, the government at Rome didn't complain about the Christians not paying taxes, but their fellow citizens did, fearing the Christians were not sharing the tax load."

Showing pictures of the remains of the temple, theater and gymnasium at Delphi, he observed: "Even if you didn't believe in the gods you consulted the Delphic Oracle on what stocks to buy, etc. It was the best informed center in Greece. The priests had agents stationed everywhere to forward the latest news."

President Dr. Richard Newsham reported the following committee to construct a float for the July 4 parade: Ray Seltzer, Dr. James Sheen, Paul Witt, John Hostetter, William Lentz, Walter Lane and President Newsham. Group singing was led by Rev. Robert MacAskill, accompanied by Dr. Kenneth Smoke at the piano.

COUNTIAN JAILED

George E. Groh Sr., 25, Orrstown R. 1, was arrested by sheriffs deputies Monday and placed in jail on a charge of contempt of court for failure to keep up his new regulation is asked to notify his veterans organization for help through the Adams County Council's advisory staff.

The next Allied Council meeting will be held June 25 at McSherrystown.

Fourteen representatives of six organizations were present at Monday's meeting.

FOUR WINDOW WASHERS DIE

NEW YORK (AP)—Four window washers were killed early today when the moving platform on which they were working plunged down the side of the 43-story Equitable Building in midtown Manhattan.

Three apparently were killed outright as the platform hit the sidewalk with an impact so great that huge plate-glass windows several yards away were shattered by flying fragments. The fourth died enroute to a hospital.

The men were working somewhere below the 23rd floor of the building, which is located across the street and a block north of the Radio City Music Hall.

A maintenance man at the building said the brakes, a part of the remote-controlled engine that moved the platform, gave way. The engine is located above the modernistic structure.

The platform was supported by a series of five-inch steel cables anchored at the 23rd floor.

The workmen were on the 51st Street side of the building, which fronts on 6th Avenue.

Stocks In London Take Steep Drop

LONDON (AP) — The London Stock Exchange suffered its steepest fall today since the Munich crisis of September 1933.

In the wake of Monday's dramatic decline on Wall Street similar sell-offs were recorded in Paris, Zurich and Frankfurt in Europe, and in Japan.

Everywhere the story was the same. Low-yield growth stocks and favorites of American investors took the heaviest hammering.

The decline in Paris averaged 3 to 4 per cent, with some of the hardest hit shares going down as much as 7 or 8 per cent.

In London a midday rally failed to last and the decline continued.

BULLETIN

WASHINGTON (AP) — H. Ladd Plumley, president of the U.S. Chamber of Commerce, called today for White House leadership in rebuilding business confidence.

Plumley, an insurance executive, blamed the stock market plunge on the coincidental impact of two confidence-upsetting factors — a dimming of profit expectations and President Kennedy's quashing of the steel price increase.

In a speech prepared for the National Press Club, Plumley said the government's intervention in steel pricing raised the spectre of administered prices and the curtailing of the free market.

MANILA (AP) — Tropical storm Iris headed for Okinawa today after dealing a glancing blow to the northeast coastal areas of Luzon, the Philippines' biggest island. Five Filipinos were reported to have perished in the storm.

Traffic was chaotic. Traffic lights were out, and many who normally commute by train had to use their own cars. Hundreds of policemen were called to replace the traffic lights.

Francis said he was on his way to see his girl.

shall accepted Monday a curtailed government report on Estes' dealings in cotton allotments.

The government filed a motion to quash a subpoena demanding officials provide the full 175-page report.

Texas Atty. Gen. Will Wilson countered with a demand that the Justice Department turn over FBI reports on the death of Marshall, who was shot five times last June. Marshall had been investigating Estes' cotton operations.

His death was first ruled suicide but last week an autopsy on his remains indicated a likelihood of murder.

STARTED IN 1961

Smith, first witness scheduled to be called today by the House group which began its hearings into the Estes case, said the Agriculture Marketing Service began an investigation of Estes' finances in September 1961, as a result of "rumors concerning Mr. Estes' operations."

He said the department sought to see the working papers of Jackson, who had prepared the net worth statement on Estes.

Smith said that A. B. Foster Jr., Estes' general manager, twice promised to obtain the necessary information but failed to do so.

The investigation was not pressed and it still was pending in the Dallas office of the Internal Audit Division when Estes was arrested March 29, he said.

On April 1 — one day before Estes was indicted — it was learned that Jackson had destroyed his working papers, said Smith.

When an investigator was sent to Jackson's office, Smith said, "Jackson acknowledged that he had destroyed the working papers after a call from an unnamed person in the Estes organization, and that he had not made an adequate audit of Mr. Estes' financial records prior to submitting his report."

MAY BE CLUE TO MISSING PLANE

DOVER, Del. (AP) — A search continued today in the Atlantic Ocean for an Air Force C133 cargo master missing since Sunday with six men aboard. Coast Guard vessels Monday found a tire tentatively identified as one from the missing plane.

Coast Guard vessels arrived late Monday at a spot in the ocean where two empty life rafts and a piece of wreckage had been sighted during the massive search launched Sunday after the four-engine turboprop plane disappeared about 50 miles from Dover Air Force base on a flight to the Azores.

The Coast Guard reported that the seagoing tug Cherokee and a 95-foot patrol boat rendezvoused with a German freighter which had been standing by the rafts. The Coast Guard vessels immediately began an exhaustive search of the area.

The rafts were sighted about 70 miles southeast of Cape May, N.J., and 50 miles east of the Delaware Coast. The German freighter, Sankt Marien, en route from Jacksonville, Fla., to New York, picked up one raft. The other raft sank, and the nose-wheel wreckage turned out to be one double tire, the Coast Guard said.

The Gettysburg Senior High School Band will then play the "Star Spangled Banner."

During the strewing of flowers three wreaths will be placed by various groups: Frank Ziner, Norristown, senior vice commander of the Pennsylvania Department of the Veterans of Foreign Wars, will place a wreath for that organization; Elton Koch, Ridgely Park, state commander of the Sons of Union Veterans, will place that group's wreath and District Commander O. P. House will place a wreath for the American Legion.

Gettysburg borough has placed street flags and banners, and the Memorial Day committee today urged all residents of the town to display the flag at their homes Wednesday in observance of Memorial Day.

Eichmann

(Continued From Page 1)

Then it declared:

"The district court which tried the appellant, convicted and sentenced him dealt with all categories of the defense arguments in an exhaustive manner. We should say at once that we fully concur, without hesitation or reserve, in all its conclusions and reasons, because they are fully supported by substantial proof collated and abstracted out of the monumental mass of evidence produced to the court. The conclusions of the district court rest on solid foundation. We can do more than associate ourselves with them."

CHALLENGES RIGHTS

In his original defense of Eichmann and again in his appeal to the Supreme Court in March, Servatius challenged Israel's right to try Eichmann with arguments that:

1. It never has been universally accepted that one nation can try a foreign national for crimes allegedly committed outside its own borders.
2. The law under which he was tried was enacted after the alleged crimes were committed.
3. Eichmann was kidnapped from Argentina and illegally brought to Israel for trial.

WAR CRIMES

The high court rejected these challenges, declaring: "Crimes with which the appellant is charged are within the jurisdiction of the Israel court. It is clear that all acts of persecution, deportation and murder in which the accused took part constitute war crimes within the meaning of the Nazi and Nazi collaborators' law under which he was tried here."

The judgment reviewed precedents from a dozen countries establishing the right of nations to forcibly bring to trial persons accused of such crimes.

Basically the high court ruled that as the efficient technician of the Gestapo branch that sent Jews to their death by the millions Eichmann had violated the international law on genocide established at the Nuremberg war crimes trials after World War II.

A luncheon will be served from noon to 2 o'clock Sunday afternoon. The first business session will start at 2 o'clock. The Adams County Democratic Committee will be in charge of the program from 5 to 6 o'clock. At 6 o'clock a dinner will be served at which Otis B. Morse IV, state Democratic chairman, will introduce Senator Clark.

Shrader's car was damaged May 29, 1960, when it was parked in front of his home at 420 Lincolnway West, New Oxford. The defendants in the case are listed as Charles W. Straubhaar, Gettysburg R. 2, and Edwin B. Ashman, York. The complaint alleges both are at fault for causing a collision between their two vehicles as a result of which the two cars hit the parked vehicle. Damages totaling \$213.10 are sought.

ing at festivals, parades and contests.

The second uniform, which made its appearance first in the May 30 parade in 1941, was a flashy maroon and white outfit with looped braid at the shoulder and braid on the sleeves. They cost \$36 each and were used for 12 years. They were bought with funds earned by the school band with no need to canvass the community for help.

COMMUNITY HELPED

In 1953 following a fund raising drive by the newly organized Band Boosters' Club a Lafayette style

door-to-door solicitation and the drive went "over the top" so that summer shirts to be used instead of the heavy jackets were secured. The old band uniforms were used two years by the new junior high band members.

Mr. Zeigler was the bands' new director that year. Junior high band uniforms secured in 1956 were purchased entirely through the efforts of school groups, the band and the funds raised by projects sponsored by the Band Parents' Club.

Ferrari said that township road 329 will be cut off and a service road will run parallel to the highway entrance to Route 15 will be made. The bypass will continue north and swerve east and cross over the present route shortly south of Fairplay, where a diamond interchange will be constructed. The old 15 will go under the new bypass at this point. The bypass will continue north where a bridge will be built over Marsh Creek, ending the first section.

ANOTHER DIAMOND

Ferrari said that bids have been asked and will be awarded for Section 4 on June 15. This will consist of 3.56 miles, crossing over the railroad tracks just north of Route 30. Twp. Rd. 509 will be cut and channeled into Hunterstown, The Hunterstown Rd. will be relocated and run over the bypass. Twp. Rd. 513 will be cut off and connected to the Hunterstown Rd. At the connection to the Schrivers-Hunterstown Rd. where the construction will end, Ferrari said, another diamond intersection will be built.

Plans for the fifth section north of Hunterstown are just about completed, Ferrari said, but it will be a matter of time before officials think about starting that construction. The following section will take the highway past York Springs and the final portion will connect to the four-lane road at Dillsburg.

Route 15 will then cross the Taneytown Road where another diamond interchange will be constructed. Township road 407 will be relocated and tied onto the Taneytown Road north. At this point, Section Two of the construction will end.

WILLIAMS STARTS SOON

H. S. Williams of York has been awarded the third section, consisting of 5.3 miles for \$2,470,888. He will start June 15 and finish one year later. Township road 808 will be cut off and be connected to 417. The stream shortly north of there will also be relocated and run parallel to the new highway. TRIBUTE TO MOWEN

First Vice President James Myers was in charge of the meeting. Ferrari was introduced by Charles Pentz, program chairman. Myers said that a board meeting will be held at next week's session and asked all committees to submit reports.

The club paid special tribute to Fr. J. Harold Mowen, a club member, who was attending his last regular session. Rev. Mowen said he has "enjoyed the fellowship" over the past several years in the club and said he was "not happy" over the idea of leaving such a fine group of men. He urged the members who visit Newport to "stop in and see me and have a cup of coffee."

It was announced that the Episcopal Church will hold a dinner Thursday evening at the Lamp Post in honor of Fr. Mowen. Myers also made note of the club's attendance last Sunday at Fr. Mowen's church.

Twenty-three members and one guest were present.

June 1 of 1963. The piers for the cross-over of the present Route 15 have already been made and work is progressing "very rapidly," he said.

Ferrari said that township road 329 will be cut off and a service road will run parallel to the road from Hunterstown to Schrivers Crossroads, where entrance to Route 15 will end for the time being. That road will be enlarged, Ferrari said, to accommodate the traffic which will come off the old Route 15 onto the new.

Ferrari noted that 50 per cent of the cost is being paid for by the federal government and 50 per cent by the state. The only increase to the townships will be the official township roads, which will probably be the service roads that will be built for all people to have access to the new highway.

Out Of The Past

From the Files of the
Star and Sentinel and
The Gettysburg Times

FIFTY YEARS AGO

Upholds Mrs. Eddy's Will: The clause of the will of Mrs. Mary Baker G Eddy, founder of the Christian Science Church, bequeathing the residue of her estate, valued at about \$2,000,000, to the First Church of Christ, Scientist, of Boston, creates a "valid trust" in the opinion of the supreme court of New Hampshire. The court holds that "the residuary clause is not a gift to the church but a gift for religious purposes sustainable as a charitable trust."

Compulsory Education for Alaska: A bill requiring compulsory education in Alaska passed the Senate May 8.

Engagement Announced: At a tea given by Miss Martha Dickson the engagement of John D. Keith and Miss Mary Swope was announced. Mr. Keith is a member of the Gettysburg Bar and an ex-district attorney of Adams County. Miss Swope is the eldest daughter of President Judge Samuel McC. Swope. The date for the wedding has not been fixed but it is expected to take place in the early fall.

New Cigar Factory: Fifteen new cigar factories were opened in this district during the past month, affording employment to about 100 hands. The plant of Emory A Bollinger, McSherrystown, employing 20 hands was one of the largest opened during the month.

New Refrigerator: Conrad Brothers, McSherrystown, are installing a new refrigerator at their meat market on Main street. It is one of the latest and most sanitary models.

The Boy Scouts will hold a Boy Scout Festival in St. James social rooms Tuesday evening for the benefit of their reading room and printing room. Come and enjoy yourself.

More Praise For Eddie: Eddie Plank came in for a little more praise in Sunday's Philadelphia Record, which said: "The many disappointments his numerous pitchers are handing him this season make the work of Eddie Plank look all the brighter to Connie Mack. The veteran of the squad and a player whom some of the critics have for several seasons been relegating to the 'been' class, Plank keeps right on delivering the goods in masterly style. It was Plank who kept the Athletics out of last place all through the early weeks of the season last year and again it is Plank who is doing most of the winning this year. His left hand cross-fire is as deadly as of yore and his painstaking methods in preparing for the baseball season leave no cause for such excuses as lack of control and overweight. Plank knew what was coming and prepared to give his best efforts at a time when good work is most needed. Plank blew up in the ninth inning yesterday, after having held the White Sox down all through the game. Had any of the other pitchers been in form Mack could have relieved Plank when he saw he was in trouble, but Eddie was left to fight it out alone, with disastrous results."

Ortanna: Two boys who are particularly fond of bicycling and who do quite a bit of it had the misfortune to run into Mr. Strausbaugh's fence on Sunday afternoon, entirely demolishing the tandem they were riding but luckily escaping injury to themselves. The boys were Clarence Heintzelman and Robert Boyd.

Iron Springs: Work has begun at Tom's Creek trestle with a number of men. It will take nearly all summer.

Make Plans To Handle 60,000: Secretary of War Stimson in a communication sent to the Senate Saturday estimates that \$358,662 will be required to carry out the plans for the semi-centennial celebration of the Battle of Gettys-

Today's Talk

COMING INTO THEIR OWN When old Walt Whitman lived, he was looked upon as one of the strange figures of his time. His "Leaves of Grass" book was suppressed in Boston as not fit to read. But the great Emerson was one of the first to write Whitman a letter and express his great admiration for his book, his thoughts, and his ideals.

And Whittier, that gentlest of poets, and Carlyle, that lion-roarer of a writer, both were among the early admirers and encouragers of "the Good Grey Poet." Edgar Allan Poe went from pillar to post seeking the recognition that he deserved, only to die young, broken in health, and a disappointed man.

It's an old story, the story of the world. But now we know that there are two figures that will forever add lustre to the literary glory of America — Whitman and Poe. And not America alone, but the entire world!

The world is very lax in its appreciation of the great.

I remember reading of the thrill that George Gissing said he got from reading Gibbon's Rome out of the original first edition which he had purchased in a book stall for but a few shillings. And I recall sitting in a New York auction room — back in the late nineteen twenties — and watching them sell a copy of this great work. It went to a collector for several thousand dollars!

Worth always comes into its own — sooner or later.

Tomorrow Mr. Adams will talk on the subject: "Impressions" Protected, 1962, by The George Matthew Adams Service

REST CURE Get out into a cabin where the woods are cool and sweet, Let your appetite remind when it's time again to eat,

Leave your tyrant watch behind you; there's a great disk overhead There's a great disk overhead That will tell you when it's morning and the time to go to bed.

Forget the strain and hurry of this scheduled life of ours, Get out and be a brother to the song birds and the flowers.

Get a spade and dig a garden; get an axe and split some wood; Know the calm of mere existence; it will do your spirit good;

Here's the cure for nerves that tingle; get acquainted if you can With cold and thirst and hunger— those three friendly foes of man.

Let the peace of wanting little; claim the joy of muscles strong And let earth provide your dinner and the birds provide your song.

The amount asked for will be used in transporting, entertaining, feeding and housing the 40,000 veterans of the Blue and the Gray who are expected to attend the anniversary of the great battle. To provide the necessary transportation facilities Quartermaster General Aleshire of the army recommends that the railroads between Harrisburg, York, Carlisle Junction and Gettysburg be joined to establish a provisional belt line under absolute control and management of a competent railroad man. By some such arrangement trains could be kept moving in one direction by a minimum headway of 12 minutes, thereby preventing danger of collisions and delays and insuring prompt handling of visitors during the day and leaving the lines free at night for transportation of supplies to the battlefield.

**Early Wynn Wins 3-hitter
Over Tribe; His 295th;
Indians, Yankees In Tie**

By MIKE RATHET
Associated Press Sports Writer
Tired? Not 42-year-old Early Wynn, who began his career in 1939, and 22 seasons, 651 games and 4,331 innings later is cranking his durable right arm toward the 200-victory circle reached by only 13 major league pitchers.

Confing back from a sore arm that sidelined him in the 1961 campaign, Wynn has returned to the firing line for the Chicago White Sox. Monday night he came through with his best effort of the season — a three-hit job that blanked Cleveland 2-0.

It was the 295th triumph of a distinguished career for Wynn, on record as the oldest active player in the majors. The victory evened his record for the year at 3-3 and left him only five shy of that coveted 300 wins.

NO FREE TICKETS

Wynn retired 17 consecutive batters at one stretch, did not walk a man and faced only 29 men—just two over the minimum, while posting his first shutout since he stopped the same Indians on Sept. 23, 1960. That gave him a career total of 47, tops among active American League hurlers.

The loss dropped the Indians into a tie for first-place with the New York Yankees, who were rained out at Kansas City. Jim Bunning allowed only three hits in Detroit's 5-1 decision over Baltimore. Earl Wilson and Mike Fornieles of Boston combined for a three-hitter that shut out Minnesota 3-0 and the Los Angeles Angels beat Washington 6-4.

Wynn's 25th ended the amazing pitching string put together by Cleveland's 34-year-old ace, Dick Donovan. The veteran-right-hander, acquired from Washington in the trade that sent Jimmy Piersall to the Senators, had won eight previous starts.

DOVE IN RUN

Wynn also drove in one of the White Sox runs, knocking in Mike Hershberger with a seventh-inning single. Chicago's first run came in the fourth on a single by Jim Landis and Floyd Robinson's double.

Bunning (5-2), accused of gashing the ball with his belt buckle in his last start against the Orioles, blanked Baltimore until Russ Snyder led off the ninth with a homer. Rocky Colavita accounted for the first Tiger run with a double in the first inning, then clinched it with a two-run homer in the fifth. Chico Fernandez also connected off loser Milt Pappas (5-3) with a man on in the same inning.

Wilson (2-1) limited the Twins to two hits before he ran into control trouble in the eighth, walked two men and was lifted in favor of Fornieles. Fornieles got Vic Power to ground into an inning-ending double play and allowed a harmless single in the ninth.

Trailing 4-2, the Angels came up with four in the eighth to whip the Senators and Ray Ripplemeyer (0-1). Steve Bilko's sacrifice fly with the bases loaded scored one run, a pinch-hit single with the bases jammed by Tom Burgess put the Angels ahead 5-4 and a balk by Ripplemeyer wrapped it up.

DISTRICT TWO PLAYOFF TEAM IS UNBEATEN

ITHACA, N. Y.—Undefeated in 15 games this season, the Ithaca College nine will go after the NCAA District 2 championship when it clashes with Penn State (10-3) at University Park, Pa., at 1 p.m. Friday.

St. John's (22-1) and Gettysburg (11-5) will tangle at 3:30 p.m. The winners of the sudden death tourney will battle at 2 p.m. Saturday.

By notching a 4-0 victory over Army, Ithaca sewed up its bid to the tournament and brought Coach James A. (Bucky) Freeman the third undefeated season in his 28-year career at Ithaca. The others were in 1954 and 1940.

This will be the third try for a Bomber nine to win a district championship. The Ithacans were runners-up in 1955 and 1959. They won over Lafayette and were edged by Colgate 7-6 the first time; they beat Pittsburgh but lost to Penn State 7-3 the second time.

DEFEATED LIONS

The Bombers defeated Penn State 14-5 the first game this season. Since then the Nittany Lions have lost only to strong Navy and Delaware teams. They have defeated Gettysburg, Lehigh, Army, Penn, Bucknell, Maryland, Colgate, Syracuse, West Virginia and Temple. The Lions knocked off Army by a greater score than Ithaca.

Besides Penn State and Army, Ithaca has defeated Colgate, Holy Cross, Buffalo, St. Lawrence, U. of Hartford, Rochester Institute of Technology and won twice each over Hartwick, C. W. Post and Canisius.

Frank Vandeweghe, a Senior right-hander, Paterson, N.J., was the winning pitcher in the first Ithaca game with the Lions. It is expected that he or Roger Freize, Binghamton, N.Y., Junior right-hander, or Dick Linderman, Olean, N.Y., a Sophomore right-hander, will get the mound call.

The winner of the district tournament will compete in the World Series at Omaha, Neb.

PUBLIC WORKS PROGRAM HAS CLOSE SQUEAK

By JACK BELL

WASHINGTON (AP) — The Senate, which saved a chunk of President Kennedy's political bacon on the farm bill last week, has come through with a cliff-hanger rescue of his battered public works program.

However, Kennedy did not escape a lusty cuffing around Monday by outnumbered Republicans with passage of the compromise \$1.5 billion measure. They planned "backdoor spending" and "power grab" campaign posters on his original proposal for standby authority to trigger public works in a threatened recession.

The sum and substance of it all was that Kennedy got part way over a shaky bridge with two major measures of his New Frontier program. But there was no assurance the flimsy structure would not collapse in the necessary encounter with the winds of House action.

TOUGH FIGHT LOOMS

House Republicans have promised a tough fight against the public works measure when it reaches the floor. The House Public Works Committee has approved a \$900 million version.

In his first season of minor league baseball last year, the right-hander posted a 8-6 record with the Class C Twin Falls team.

Gibson impressed the Phillies enough that they moved him into the Class A Eastern League this year with their Williamsport team.

And so far he has been impressive, winning four games already, including a four-hit, 3-1 victory over Binghamton Monday night, as the first-place Grays maintained their three-game lead over Charleston. Gibson has lost two games.

5 GOP JOIN

In other action, Charleston defeated Springfield 6-4 in 12 innings and York beat Elmira 6-1.

York won behind the five-hit pitching of Jay Ritchie (3-2) and a four-run first inning.

Phillips 66 nipped the Exchange Club 2-1 in a snappy and well played game Monday evening.

With one out in the first inning Phillips scored a run. Redding singled, stole second base and advanced to third on a passed ball. G. Herring then skied deep to left, after which Redding scored.

Phillips added what proved to be the winning run in the last of the fourth.

The Exchange Club almost pulled the game from the fire in the final inning. Shoemaker and Shindeldecker was hit by a pitched ball. Nelson hit into a double play. Richard followed with his third hit, a triple down the right field foul line, which scored Shindeldecker. Eden walked but the next batter grounded out to end the game.

Seek Man Suspected Of Stalking And Killing Five

UNIONVILLE, Iowa (AP) — Trailed his flight to the Moffitt Farm. His car apparently ran out of gas and he continued on foot. Keokuk County Sheriff John Wallerich said Smith left the dance about 10 p.m., returned to the McBeth farm, picked up a gun that fires both shotgun shells and rifle bullets and fired four shots through a window of the living room.

The hunt centered on the Lee Moffitt farm 3½ miles west of this southern Iowa town. The officers planned a house-to-house search throughout the area.

Officials believed they had the man, Gaynor Gilbert Smith, 24, holed up on the Moffitt farm late Sunday night. But rather than risk a run through the dark for Smith, who was believed to have a .410 shotgun and a box of ammunition they called in the posse, leaving only cars patrolling the roads.

NEAR CRASH AREA

The hunt, by coincidence, centered in the approximate area where a Continental Airlines jet made a fatal plunge with 45 persons aboard Tuesday night.

Dead were these members of the family with which Smith lived on a farm northeast of Marionburg:

Andrew R. McBeth, 51, his wife, Dora, 42, and their children, 19-year-old twins, Amos and Anna Katherine, and a daughter, Mrs. Donna Jean Kellogg.

Another McBeth child, Patsy Lou, 15, was wounded but managed to escape and spread an alarm. Perry, 6-month-old son of Mrs. Kellogg slept through the shooting unharmed.

TRAILED TO FARM

About 24 hours had elapsed between the time Smith drove the four cousins to a square dance Saturday night and the time scores of sheriff's officers, highway patrolmen and policemen

TO ASK DEATH FOR 2ND YOUTH IN MURDER CASE

BUTLER, Pa. (AP) — The state indicated Monday it will seek the death penalty for Donald H. Montgomery, 19, of Brackenridge by asking each prospective juror if he or she had any scruples against capital punishment.

Montgomery is the second youth to go on trial for the fire death of Mrs. Pauline Ritter, 69, of Cabot last Jan. 20.

Three more jurors plus two alternates remained to be chosen as the trial resumed today.

At the trial's opening Monday seven women and two men were selected from among 85 prospective jurors questioned.

ONE WILL DIE

Earlier this month a jury convicted Charles Ganss Jr., 17, of Cabot in the same case and sentenced him to die in the electric chair.

The state contends that Montgomery along with Ganss entered the Ritter home and shoved Mrs. Ritter and her husband, Raymond into separate closets.

The pair then robbed them of some small items, hit Ritter with a rifle, and set fire to the home, the prosecution maintains.

Ritter fled the burning house. His wife perished.

Morris Steinhsier, 19, of Cabot is scheduled to go on trial June 18 on charges of accessory before and after the fact of murder. The state claims he supplied the rifle used in the holdup.

The Labor and Industry Department reported Monday the increase was twice the seasonal rate. Jobs increased by \$2,000.

Plan Big Effort To Cut Accidents

HARRISBURG (AP) — State police and the Traffic Safety Bureau will make a maximum effort to keep traffic accidents down in Pennsylvania during the Memorial Day holiday.

Both are optimistic because the holiday falls on a Wednesday instead of the weekend, thus reducing the accident potential.

But, the Traffic Safety Bureau plans to keep its entire fleet of "speedminder" cruisers on patrol from 6 p.m. tonight until midnight Wednesday.

State Police Commissioner Frank G. McCartney reports all troopers have been ordered to duty between 4 p.m. to 6 a.m. Thursday.

ASK DAM BIDS

HARRISBURG (AP) — The General State Authority will open bidding June 27 on the raising of the level of the Tamaqua desilting dam along the Schuylkill River.

GSA aides said the project calls for the addition of six more feet to the existing stone dam to add about 60 per cent to the capacity of the basin in Rahn Twp., Schuylkill County.

MARKET WILL RECOVER SOON EXPERT SAYS

By DARDEN CHAMBLISS
AP Business News Writer

NEW YORK (AP) — The chairman of the American Stock Exchange, who has seen bad times before, didn't let concern over Monday's stock market drop prevent him from going to bed with a novel at 8:30 p.m.

Edwin Posner, 71, said "These are times—if you'll pardon my being trite—that try men's souls," but added: "We'll live through it, just like we've done before."

"It's one of those situations, old man," he said. "When the public gets a little panicky, prices start dropping out. I'm surprised it went this far. Where it'll go, no one can predict."

REALLY DISTURBED

Posner, who became chairman and temporary president of the American Exchange early this year to help correct faults found by a federal agency, will step down as president after Labor Day in favor of Edwin Etherington, 37.

"I told Etherington today that I wished he was coming in tomorrow," Posner said, smiling. "He's a young man. Let him wrestle with it for a while."

Posner said Monday was the first time he had really been disturbed by the market's protracted downturn. Asked what he thought would stop the bear market, he said: "Well, we wondered for a long time what would stop the bull market. Something did, but we don't know what."

WILL RUN COURSE

"This will run its course," he continued. "Someday—maybe tomorrow or next week or next month—it'll come back up again."

Another broker who, like Posner, was in business when the big crash came in 1929, was as slow as Posner to show any outward signs of distress.

Eldon Grimm of Walston and Co. didn't even wait for the delayed tape quotations to reach an end before heading for his home in Connecticut.

He saw the selling as forced by loan calls, lenders requiring more money to cover collateral when stock prices fell. This brought forced selling, he said, to get money to meet the calls, which drove prices lower and generated more loan calls.

"It gets to be a chain reaction thing," he said, "like when you knock down a line of dominoes."

CLAIMS ESTES GOT U.S. AID PRIOR TO 1961

WASHINGTON (AP)—A federal official said Monday virtually all of the grain storage payments received by Billie Sol Estes were for grain stored before the Kennedy administration took office.

Roland Ballou, assistant deputy administrator for commodity operations of the Agricultural Stabilization and Conservation Service, said, "All except \$329,000 of the \$7,648,474 paid Estes for grain storage" is chargeable to the previous administration for grain stored in his elevators during the previous administration.

Ballou, in testimony prepared for the House Government Operations subcommittee, denied the Agriculture Department had shown Estes any favoritism.

He was the first witness as the subcommittee began hearings on activities of the 37-year-old West Texas financier, now under indictment for fraud.

PRIOR TO 1961

"The great expansion of storage capacity that has taken place in West Texas was for the most part to take care of the grain sorghum which was being produced before 1961, in ever increasing quantities," Ballou said.

Apparently in response to Republican charges that grain was moved long distances to be stored in Estes' warehouses, Ballou said: "For a number of years it has been necessary for the Commodity Credit Corporation to move grain out of Kansas and some of the adjoining states in advance of harvest to make room for the new crop."

"This grain is moved in the direction of the ports on the Gulf of Mexico," he said. "It can be stored anywhere enroute, where the railroads allow it to be moved without the payment of additional freight charges."

"Large amounts of grain are stored in Fort Worth and Dallas en route from Kansas and adjoining states to the Gulf. It may remain in these elevators for several years. It may also be stored in elevators which are not in a direct line, provided the railroads have tariffs in effect which equalize the freight. This is the situation which exists in a large area in West Texas."

TRY MAN FOR FIERY DEATHS

BUTLER, Pa. (AP)—Donald H. Montgomery, 19, of Breckinridge went on trial Monday charged with murder in the fiery death of an elderly Butler County woman.

Two hundred prospective jurors were summoned. Half were to be questioned today for selection of a jury and the rest Tuesday.

Montgomery is the second youth to be tried in the death last Jan. 20 of Mrs. Pauline Ritter, 69, in her secluded home in Cabot.

Early this month a Butler County jury convicted Charles C. Ganss, Jr., 17, of Cabot of first-degree murder and decreed the death penalty.

Counsel for Ganss has appealed for a new trial, and he now is awaiting a hearing on the motion in Butler County Criminal Court.

Ganss was transferred from the Butler County Jail to the State Correctional Institution at Pittsburgh during the weekend.

LOCKED IN CLOSET

The Commonwealth charges Montgomery and Ganss entered the Ritter home intent on robbery, beat Raymond Ritter, a retired Pittsburgh jewelry designer with a rifle then barricaded Ritter and his wife in separate death.

In an attempt to conceal the robbery, the state contends the youths set fire to the house and fled. Ritter managed to escape but his wife perished in the flames.

A third youth, Morris Steinhiser, 19, of Cabot, is slated to stand trial June 18 on charges of being an accessory before and after the fact of murder.

The state says Steinhiser loaned a rifle to Montgomery and Ganss in return for a promise of a share in the robbery loot.

ADVERTISE IN THE TIMES

Gen. Clay Says U.S. Can Win Any War

WASHINGTON (AP) — Gen. Lucius Clay says the United States' tremendous stock of nuclear weapons makes it "fully capable of winning any war that might develop with the Soviet (Union) and its satellite countries."

Clay, formerly President Kennedy's special representative in West Berlin, added, however, that the Soviet forces are stronger in the conventional weapons field and "we could be forced into a nuclear war because we cannot meet them by conventional strength."

Clay's views were made Sunday in a television interview with Sen. Hugh Scott, R-Pa.

WILL STUDY APPEAL FROM DEATH ORDER

By JOSEPH E. DYNAN
PARIS (AP)—The French government may try Secret Army Organization chief Raoul Salan again in an effort to get him condemned to death. But it bowed today to a Supreme Court desire to study further an appeal against the death sentence of his No. 1 deputy.

The deputy is Edmond Jouhaud, like Salan a former general in the French armed forces. They were masterminds of the terrorist war that the secret army still wages against Algerian independence.

In Salan's case the government seeks the death penalty to help convince European terrorists that their campaign to block independence of the North African territory is futile.

The special tribunal which tried Salan on treason charges and gave him a life sentence last Wednesday was abolished Sunday in a move which may clear the way for a new trial.

Jouhaud was condemned to death at an earlier trial. His attorneys are now seeking to save him from execution.

French sources said Saturday the government intended to go ahead with Jouhaud's execution.

The secret army responded with renewed violence, including burning and blasting schools and government offices in Algiers, the capital.

Terrorists killed 22 persons in Algeria Sunday, 29 of them Moslems.

A French source said the three-day limit had been established because it was believed the Supreme Court would have had sufficient time to act on the appeal within that period.

Monday it was made clear that the court would need further time. Unless new evidence is brought forward, informants said, President Charles de Gaulle is determined to go ahead with Jouhaud's execution.

FIRE DESTROYS 5 PAOLI STORES

PAOLI, Pa. (AP) — A predawn fire today destroyed five stores in the Paoli Shopping Center before firemen were able to bring it under control shortly before 5 a.m. after a four-hour battle.

Five firemen were injured.

The blaze swept Deever's Men and Boys' Wear, Helen Ware Dress Shop, Dick's Delicatessen Quaker City Laundry and a Sherwin-Williams Paint Co. store.

All were one-story brick structures with frame and glass fronts. Firemen were able to save a state liquor store at the end of the five structures which was protected by a firewall.

Firemen from Paoli, Berwyn, Malvern and Radnor battled the blaze and also kept it from spreading to the Paoli Hardware Center and other structures on the other side of the center.

Michael McGurl, 26, of Wayne, a fireman with the Radnor Company, and Carl Green, 24, of Berwyn, a fireman with the Berwyn Company, were treated at Bryn Mawr Hospital for exhaustion and smoke inhalation, then released. An attendant said three other firemen were treated at a doctor's office.

Cause of the fire was not immediately determined.

A damage estimate was not immediately given.

100 TROOPERS STAGE RAIDS IN TWO COUNTIES

By THE ASSOCIATED PRESS
More than 100 state troopers raided stores, restaurants and diners in Chester and Lebanon counties Monday seizing what they described as slot machines, punch boards and other illegal gambling devices.

No arrests were made.

But a spokesman at Troop C headquarters at Reading, which co-ordinated the Lebanon County raids, said some arrests may follow a state police conference with Dist. Atty. Alvin B. Lewis.

A spokesman at the Lancaster Troop C barracks said no arrests were contemplated as a result of raids conducted from there.

RAID 200 PLACES

In Lebanon County 34 troopers marshalled from the Indiantown Gap, Hamburg, Annville, Schuylkill Haven and Mahanoy City barracks seized gambling devices at 20 establishments.

The places were located in Palmyra, Annville, Lebanon, Myerstown, Fredericksburg and Jonestown.

A spokesman said the devices included conventional slot ma-

chines, punch boards, and coin operated pin ball machines, which have been ruled illegal by the State Supreme Court.

Raids from the Lancaster Barracks were under the command of Capt. Walter E. Price and included 62 troopers from Lancaster, Harrisburg and Gettysburg.

Gambling devices were seized at more than 30 places in West Chester, Phoenixville, Downingtown, Exton, Honey Brook, and Coatesville. All were of the pin ball variety, a state police spokesman said.

The state police said all the raids were conducted with the advance knowledge of local law officers, but only troopers took part.

NEW YORK (AP) — Ben Hogan and Sam Snead will head a list of 497 golfers competing for 131 places in the U.S. Open in sectional eliminations next Monday and Tuesday.

It's the first time Hogan, a four-time open winner, and Snead, who has won everything else, together have been required to qualify for America's premier tournament, which has toughened its rules for exemptions in the last couple years.

8TH SEASON FOR CIRCLE THEATER SET

**By CYNTHIA LOWRY
AP Television-Radio Writer**

NEW YORK (AP) — "Circle Theatre," one of television's hardest perennials, has been renewed for an eighth season starting next fall. One reason for its continued existence is an inexhaustible source of material—life itself.

Circle's specialty is entertainment called "dramatized documentaries," which means that the situations are real (and sometimes the names of the characters are also) but the writers have dramatic license to telescope time, add fictitious characters, and, sometimes, dream up a windup to a situation that, in actuality, wanders along to an inconclusive end.

In the past seven years, producer Robert Costello and his staff have turned out bi-weekly programs on CBS that have ranged from stories of crime and detection on one hand to a story about the successful treatment of cancer on the other.

A spokesman said the devices included conventional slot ma-

chines, punch boards, and coin operated pin ball machines, which have been ruled illegal by the State Supreme Court.

INCOHANNA HAS GREAT PROMISE

BINGHAMTON, N.Y. (AP) — Delegates to the first organizational meeting of the Interstate Commission on the Susquehanna (INCOHANNA) see their subject as one of great promise.

Francis Pitkin, representing Gov. David Lawrence of Pennsylvania, termed the Susquehanna the longest undeveloped river in the Eastern United States.

Approximately 150 delegates attended the session Monday. They included representatives of the governors of New York and Maryland, as well as Pennsylvania.

The commission plans to promote flood-control, conservation and recreational facilities in the tri-state area drained by the river, which begins in New York State's Southern Tier.

Pitkin, who is executive director of the Pennsylvania Planning Board, blamed much of his state's economic ills on lack of development of the Susquehanna.

Pitkin said that the "true promise" of the Susquehanna River never has been realized.

WAIF LIONESS SEEKING HOME

PHILADELPHIA (AP) — Laurie, the waif lioness, is looking for a home today.

The Pennsylvania Society for the Prevention of Cruelty to Animals has the African lioness in its shelter since no zoo appears to be interested.

Laurie was the runt of a litter. She weighs only 65 pounds, just about half what she should, and still is not physically sound.

She was turned over to the society's Center Hall Branch, near State College, Pa., by a Penn State University student, Edward London, of Wyncote, Pa. She then was brought to the Philadelphia shelter by station wagon.

London said he bought Laurie six months ago for \$250 and has since spent \$1,500 for veterinarian services. He said residents of State college lodged many complaints against the lioness with the police.

CARPENTER TO GET DEGREE FROM U. COLO.

By GORDON G. GAUSS

BOULDER, Colo. (AP) — Astronaut Malcolm Scott Carpenter receives today the college degree he won by orbiting the earth three times last Thursday.

The nation's newest space hero will get bachelor of science degree in aeronautical engineering during a 90-minute ceremony honoring him at the University of Colorado.

In 1949, as a senior, Carpenter dropped out of the university on the assumption he was failing a course in heat transference.

The university's recognition medal will accompany the degree, to be presented by President Quigg Newton, who entertained Carpenter and his wife, Rene, Monday night at a guitar-playing singfest.

STRUMS GUITAR

Carpenter strummed the guitar and sang as loudly as anyone. He capped the festive evening by teaching Newton's daughters, Abby and Ginnia, who played a ukulele, to sing and play "Yellow Bird" a popular tune.

This town where he was born and grew up at 7th and Aurora Streets—which will be remembered by christening his space capsule Aurora 7—has named a new park for him. Mayor John P. Holloway declared the occasion Malcolm Scott Carpenter Day.

There'll be a parade back to Carpenter's hotel from the university. Afterward, he'll join some friends of his school days for a private chat.

TO FLY HOME

Carpenter will ride in Denver's Memorial Day parade Wednesday and then will fly to his home at Langley, Va.

A group of well-wishers, including a high school band, turned out in blustery weather at the Denver Airport Monday to welcome Carpenter and his family when they arrived aboard one of President Kennedy's special jet planes.

Capt. Leonard Johnson of the Denver police department estimated 10,000 persons saw the astronaut and his family at Denver and on the trip to Boulder.

**HOLD PARADE,
SERVICES ON
MONDAY NIGHT**

The Rev. Lloyd H. Seiler, pastor of the Silver Run Lutheran Parish, was the guest speaker at the annual memorial service held in Littlestown's Mt. Carmel Cemetery. The speaker is a veteran of 57 months of active duty, recipient of the Purple Heart with Oak Leaf Cluster and three campaign ribbons and was twice reported killed in action.

The Rev. Mr. Seiler used as the text of his message: "But the Comforter shall bring all things to your remembrance" and continued with "Let not your heart be troubled nor let it be afraid." The speaker said, "We, as children of God, sometimes need to be reminded of the sufferings and the sacrifices made by those who are honored on Memorial Day." In answering the question "Was it worth the sacrifice?" he said, "We must remember there is a price for the freedom and liberty in America and the comfort and luxuries we enjoy as a matter of course were brought by blood."

Several hundred persons attended the service for which John H. Riley was master of ceremonies. He welcomed those assembled on behalf of the Allied Veterans Council, which group was in charge of arrangements for the observance. The invocation was given by the Rev. William R. Jones, pastor of Centenary Methodist Church; there were two selections by the Littlestown High School Blue Band, under the direction of Paul A. Harner; benediction was pronounced by the Rev. G. Howard Koons, pastor of Christ United Church of Christ.

After the salute by the firing squad, taps were played by Paul Bowman. The massed colors of the various veterans organizations flanked the rostrum, on which were seated, in addition to the program participants, the other members of the local ministerium, members of the borough council and Legion Commander Claude E. Snyder and VFW Commander J. Harold Bancroft.

A parade preceded the service and moved from Maple Ave. to N. and S. Queen Sts., paused at the veterans' memorial, where a wreath was placed by representatives of the local veterans organizations.

Needlecraft*by Alice Brooks***ONLY WOMAN
IN SOLDIERS'
HOME IN D.C.**By JOY MILLER
AP Women's Editor

WASHINGTON (AP) — Mona Schatz watches television alone in the room where Abraham Lincoln drafted the Emancipation Proclamation.

She sunbathes on the same wide veranda where the Civil War president sat on summer evenings and gazed pensively across the miles to the White House in its steamy mosquito-infested swamp.

When she feels like a game of poker or pinocchio she crosses her well-kept lawn studded with four cannon to towering Scott Building, where a game is nearly always in progress in the basement card room of the dormitory-messhall. There Mona pulls up a chair, parks her big straw handbag on the floor and joins in the bidding with the boys.

ONLY WOMAN THERE

Mona Schatz, 51, a WAAF (Women's Auxiliary Air Force) in World War II, is the only active woman resident among 2,200 men in the National Soldiers' Home.

"It's a paradise," she calls her unusual life. "This is the best home I've ever had. If I was a millionaire I couldn't live any nicer than I am right now. It's like a country club."

She shakes her short, straight, auburn hair, held back with a ribbon, and said earnestly: "I consider myself the luckiest girl in the world to be here, considering I can't be at home."

OTHERS IN HOSPITAL

Home is Franklin Square, Long Island, where several of her four brothers and four sisters still live. She visits them two or three times a year.

Technically, Mona isn't the only woman resident of the home. But of the others—three WACs—Norma Denaux and Erma Gorman are hospitalized patients. Regina Jones, the first woman to arrive four years ago, is on indefinite leave.

Consequently, Mona is the only woman to eat in the regular mess hall with the men, attend the four movies a week shown at the home, pile in the big bus along with the fellows for sightseeing tours or the Senators' home baseball games.

NOT TAX SUPPORTED

Gen. W. H. Haislip, the home's governor, explains that to get into the home a regular Army or Air Force man or woman must have 20 years in service, or have been disabled in line of duty, or have wartime service and a physical condition that prevents making a living.

The 300-acre home, on the site of Washington's first park, doesn't cost the taxpayer a cent. It's maintained by small deductions taken from the regulars' pay since about 1850.

COMFORTABLE QUARTERS

Mona, who served nearly 2½ years stateside during the war, finished nurses' training after leaving service, but a bad back condition sent her first to a VA hospital and then to the home.

She lives alone in the women's side of the Anderson Cottage, which boasts a plaque: "Summer House President Lincoln, 1862-1863 1864."

She has her own room fitted with a hospital bed to ease her back, and her own green tile bath. The women's living room, with its red leather and chrome furniture and television set, is all hers too.

Crimson Satan, champion 2-year-old of 1961, drinks only special bottled water.

**River Pollution
Meeting Delayed**

HARRISBURG (AP)—The State Justice Department today postponed until Friday a scheduled meeting with officials of the Glen Alden Corp., Wilkes-Barre, on pollution of the north branch of the Susquehanna River.

The meeting, originally scheduled for today, was postponed at the request of Atty. Gen. David Stahl because he had to be in Pittsburgh on state business.

Pollution from operations of the Glen Alden Corp. last fall resulted in a widespread fish kill that destroyed virtually all aquatic life on the north branch of the Susquehanna between Wilkes-Barre to Sunbury, state officials said.

Lone Gunman Gets \$2,000 In Holdup

LANCASTER, Pa. (AP)—Police today sought additional clues into the armed robbery Monday of the Mountville branch of the Fulton National Bank of Lancaster.

Officers said a lone gunman wearing dark sunglasses walked to the teller's cage of George Smith, pointed an automatic pistol at him, then shoved a paper bag across the counter and demanded: "Fill it up. I'm not fooling."

Police said the man escaped with about \$2,000 in a stolen auto.

There were no customers in the public area of the bank at the time but two tellers and three bookkeepers were present.
